January 07, 2020

Dear SBFCC Members:

The Subic Bay Freeport Chamber of Commerce is inviting you to join a committee or committees that are currently being headed by the SBFCC Directors. Serving on committees provide opportunities to truly get involved and help shape the future of the Subic Bay Freeport and surrounding areas where we live, work, and play.

Below are some of the reasons why you and your company should actively join the SBFCC committees:

1. Involvement – learn what other members think, voice your opinion, and work toward common goals by taking the appropriate actions. Experience how other members work and the efforts that go into making the committees successful.
2. Relationships/Networking – joining a committee helps you build stronger relationships with other members and affiliates. Know members who provide different goods and services that you may need, and perhaps get them at a better price. People do more business with people they know.
3. Brand Building – build your brand by getting involved, it's not about who you know anymore—it's about who knows you! Expose and expand your business to a wider audience of business owners and decision-makers.
4. Make a Difference – be part of the solution. Contribute to the growth and future success of the organization. Give back to the Subic Bay Freeport business community.
5. Group Accomplishments –introduce programs or projects that may be beneficial to your company and to other locators, something that is more doable if supported by the other members of the business community.
6. Mentoring – extend a hand to assist a member. Share with others how you achieved your success.
7. Personal Development – committee participation leads to uncovering business insights you can utilize in your professional and personal development.
8. Leadership Opportunities – through active participation in a committee, you will have the opportunity to become someday a board member of the Chamber to better serve the business community.

On the next page is the list of the SBFCC Committees and corresponding chairpersons and co-chairs. Kindly select the committee you want to join. One company member may join in more than one committee provided that the company will send different representatives for each of the chosen committees. The representative must be a decision-maker in your own company.

The SBFCC Committee chairperson may initiate to form their own set of committee officers to carry out their functions and projects effectively.
